The Premium dock enables the Quest Tablet to become a fixed base terminal, while still allowing the user to take it on the go when needed. The Premium Dock provides a secure key lock to ensure the tablet is not removed when it is not mobile. It can also be mounted to the wall via a separate bracket. (BR-WALLMOUNT)

The Quest 5 Bay Charger offers the option of charging up to 5 Quest Batteries simultaneously. The Quest 5 Bay Charger enables the user to always have fully charged batteries to meet the demands of even the busiest environments.
